Property Overview

The hotel has 83 rooms split between three floors which are all served by elevator. The public areas of the property are fully accessible including the Pool / Hot Tub area. Entry into the pool or hot tub is with steps and accompanying railings for stability. There are three designated wheelchair parking spaces with plenty of on-site parking.

Accommodations

Hotel Feng offers one accessible room (#118) on the ground floor. The entry door has 33" (83cm) width making for easy access in a wheelchair. The king bed is accessible from both sides with plenty of maneuvering room for a wheelchair. There is a connecting door to the adjoining room (#120) with 31" (78cm) width.

The washroom is accessible with a 35" (88cm) wide threshold and good access to the sink and toilet.

There are large grab bars on both sides of the toilet which can be moved/adjusted as desired.

There is a full roll-in shower with an overhead showerhead and grab bars on each wall.

There is currently no handheld showerhead installed – something which is recommended.

A shower stool is provided.
